

CALL FOR ABSTRACTS

Saskatchewan Oral Health Conference 2023

Submission Deadline: August 1, 2023
Presentation Date: Sunday, September 24, 2023

The oral presentations will be held on September 24, 2023 during the Saskatchewan Oral Health Conference. Conference registration is required. Each presentation will be limited to a maximum of 15 minutes duration, plus 5 minutes for questions. Abstract presentations are intended to summarize current or in-progress research projects or innovative programs.

Please provide an abstract of less than 300 words. To achieve a consistent style, only the following headings can appear in the body of the abstract: "Objectives", "Methods", "Results", and "Conclusion". Submissions that are not in this format will be returned. More than one abstract can be submitted, and each must include a title, author(s), and institutional affiliation(s). Please indicate the presenting author with an asterisk.

Abstracts will be evaluated and selected according to the following criteria:

- **Relevance:** Does the abstract relate to the conference theme and/or to dental public health?
- **Originality:** Does the abstract make a contribution to the state of knowledge in dental public health?
- **Quality:** Does the abstract meet minimum scientific requirements (e.g., clear objectives, appropriate methods)?

CAPHD welcomes submissions from dentists, dental hygienists, dental therapists, denturists, dental assistants, students, and other professionals from all areas of the country and internationally.

Please e-mail your CAPHD conference abstract submission by August 1, 2023 to info@caphd.ca.
